## Microchip Implants

### Microchip Implants– Home Again microchips

Home again microchips provide the peace of mind that you've given your pet the permanent, lifetime ID he or she needs for the best chance to come home again.

#### These microchips:

- Do not hurt your pet- it gives no more discomfort than a vaccination
- Do not require surgery- a simple, one-time insertion with a syringe.

#### How it works:

- The Humane Society of Sheboygan County will microchip your pet for \$25, which includes placement of microchip and enrollment
- The microchip is inserted with a simple injection. The Home Again microchip is designed to make sure it does not move. The Home Again microchip is a permanent pet ID.
- Enrolling owner information is what makes it possible for your pet to be positively identified, make sure to update contact information as needed
- If your pet is taken to an animal shelter or clinic, the staff will scan the microchip to read its unique ID code
- As soon as your contact information is retrieved, you will be contacted and arrangements will be made to reunite you with your pet

Until you register, your pet is not protected. That's why this step is so critical to reuniting you with your lost pet. Just go online to [www.homeagain.com](http://www.homeagain.com) to update your contact information at any time. After your first year of service, you will be contacted by Home Again to renew your current services. For \$17.99 per year, Home Again members receive 24/7 Lost Pet Specialists, Lost Pet Recover Network, National Pet Recovery Database, Travel Assistance for Lost Pets and 24/7 Emergency Medical Hotline. Yearly membership renewal is not required and does not affect lost/found pet recovery.

#### Membership Includes:

- 24/7 Lost Pet Specialists
- Rapid Lost Pet Alerts
- Personalized Lot Pet Posters
- 24/7 Emergency Medical Hotline
- Travel assistance for found pets
