

TNR/Return to Field Application

As part of our effort to improve the lives of and reduce the numbers of feral cats in this community, the Humane Society of Sheboygan County offers responsible colony caretakers the opportunity to register cat colonies in their neighborhoods. This information is required to participate in our spay/neuter TNR (Trap-Neuter-Return) program. Only unowned feral cats and "barn cats" are eligible for the program. The Humane Society of Sheboygan County will NOT perform sterilizations for cats intended for private adoption, gifts or to keep as their "pets". Please refer to our website www.AdoptSheboyganCounty.org for further information about our services and procedures.

INSTRUCTIONS: Please fill out the full application and return to the Humane Society of Sheboygan County. **Incomplete applications will be returned and will delay your acceptance into the program.** An HSSC representative will contact you to schedule a surgery date.

I certify that to the best of my knowledge, all cats in the colony described are unowned feral cats and/or "barn cats". I certify that all the information I've provided is true. I understand that this grant/program does NOT provide any veterinary care beyond the spay/neuter services provided by the Humane Society of Sheboygan County for this colony. I understand that a representative from the Humane Society of Sheboygan County (HSSC) may periodically call to ask permission to visit the colony to monitor status and conditions for statistical purposes and TNR research data. I understand that feral and semi-feral cats can be unpredictable and as a caretaker I will take proper precaution and understand that HSSC, HSSC employees, volunteers and affiliates cannot be held liable.
